

# FabriTACK®

## Sound Absorbing Tackable, Impact-Resistant Acoustic Infill

### Product Data Sheet

#### Product Overview

FabriTACK® is a sound absorbing, impact-resistant fiberglass board with a 6# PCF density core that significantly improves sound absorption in all frequencies, resulting in enhanced NRC values. FabriTACK® is proudly made in USA. 

#### Manufacturer

FabriTRAK Systems Inc.  
111 West Park Drive, Mount Laurel, NJ 08054  
Phone: +1.609.409.6700

#### Properties and Values

COMPOSITION	Fiberglass
THICKNESS	7/16", 1/2", 7/8", 1", 1 15/16" [12, 13, 23, 26, 48mm]
SIZE**	48" x 96" (Sheets) [1220 x 2440mm]
DENSITY	6# PCF (Core), 14# PCF (Face)
STANDARD COLOR	Yellow Core, White Face
ACOUSTICAL TESTING*	<a href="#">ASTM C-423: 0.80 NRC</a>
FIRE TESTING	<a href="#">ASTM E-84 Class A</a>

\*Acoustical test value shown using 1" FabriTACK® product.

\*\*Custom sheet sizes available.

#### Sustainability

Will not sustain mold growth. Manufactured with sustainable resources.

#### Warranty

Please see the standard limited warranty document provided by your certified FabriTRAK Systems Inc. installer.
